# MONTAZHSPETSSTROY

reliable partner for industrial construction projects

SINCE 1994

**YEVGENIY GEORGIYEVICH  
YEZHNIKOV-BABAKHANOV**

**FOUNDER**

JS Company "Montazhspestroy" entered the industrial construction market in 1994 under the leadership of the founder – Honorable Builder of the Republic of Kazakhstan, former Minister of Installation and Special Construction Works, Mr. Yevgeniy G. Yezhikov-Babakhanov (1942 – 2023). Thanks to his experience in the construction of all strategically important construction projects of Kazakh SSR, MSS took its special place in the niche of large-scale companies.

Mr. Yezhikov-Babakhanov devoted almost 30 years of labor of his bright life to serving for the benefit of the Company's team, for the prosperity of the country.

Thus, the principles of generational continuity have been approved in MSS, which is an unspoken internal code of the Company.

**In Nov'2023 prior to passing away of the Founder – Y.G. Yezhikov-Babakhanov, MSS General Assembly of Shareholders made a unanimous decision to sell ~ 92 % of company shares to an investment banking group "TENGRİ PARTNERS" to ensure continuity of the business, thus entrusting the "steering wheel" to younger generation. 8% of the shares is still owned by existing President Baitureyev.**

**Final shares split is currently being processed as follows:**

**80% - TENGRİ PARTNERS (fully owned by Anuar Ushbayev – RoK Citizen)**

**20% - President, Baitureyev Mukhtar – RoK Citizen**

# MSS AT A GLANCE

The MCC logo consists of the letters "MCC" in a bold, blue, sans-serif font, enclosed within a blue rectangular border.

100% LOCAL MSS IS ONE OF THE PIONEERS IN THE INDUSTRIAL CONSTRUCTION SECTOR OF LOCAL EPCI MARKET, ESTABLISHED IN 1994 AND GROWING CONTEMPORARY WITH INDEPENDENT REPUBLIC OF KAZAKHSTAN AND THREE GIANT OIL & GAS FIELDS:

**EXCEPTIONAL BUSINESS REPUTATION**  
OF THE ORGANIZATION IS THE MAIN  
DRIVER OF MSS SUSTAINABLE GROWTH

**NORTH CASPIAN  
OPERATING COMPANY N.V.**

## **CERTIFICATE OF ACHIEVEMENT**

*This certificate is awarded to  
Kazakhstan Caspian Offshore Industries LLP and  
JSC Company Montazhspetsstroy  
In recognition for achieving in excess of  
1,000,000 Man-hours without a Lost Time Injury in Onshore  
and in appreciation for valuable contribution in shaping  
an incident free workplace in EPC4 Topside Fabrication Project  
at KCOI Fabrication Yard in 2017-2019 as part of Goal Zero.*

**Francois Rafin, New Developments Director**

# MCC

## **CERTIFICATE OF ACHIEVEMENT**

**agip kco**

Agip Kazakhstan North Caspian Operating Company N.V.

**Agip KCO**

This certificate is awarded to  
*Bonatti-MSS Gas*  
In recognition of attaining  
7 000 000 man-hours without a Lost Time Incident  
and in appreciation of  
*Contractor's valuable contribution in striving for an accident  
free workplace on the Kashagan EP Onshore Project.*

Настоящий сертификат выдан компании  
*Bonatti-MSS Gas*  
в знак признания за достигнутые  
7 000 000 человека - часов без потери рабочего времени,  
и в знак признательности за  
ценный вклад подрядной организации в достижении успе-  
хов в безаварийной работе на строительной площадке  
Кашаганского Наземного Проекта.

## Gratitude letter

«Montazhspetsstroy» JSC

On the occasion of the 10<sup>th</sup> anniversary of the Health, Safety and Environment Card Programme, we express our sincere gratitude for the active participation in implementation of the HSE Card programme.

Thanks for your daily efforts, together we create safe working environment and reduce injuries among our employees.

We value and appreciate all you have done over the past years. The work you have done is extremely important and essential!

Of course, we shall maintain this good performance further and I have no doubt we can achieve it with your involvement and support.

## Благодарственное письмо

Коллективу АО «Монтажспецстрой»

В честь 10-летия программы карточки ОТ, ТБ и ООС искренне выражаем вам благодарность за активное участие в реализации программы карточек.

Благодаря вашему содействию, мы ежедневно, общими усилиями создаем необходимые условия для снижения травматизма среди наших сотрудников.

Мы ценим все, что вы сделали за эти годы. Прделанная вами работа чрезвычайно важна и значима!

Разумеется, мы должны сохранять эти высокие результаты и в будущем. Благодаря Вашему участию и помощи, я уверен - это возможно!

Robert Dijkema/ Роберт Дийксема  
KPO SAI Controller/ Управляющий

## ROTATIONAL CAMP – 60 000m<sup>2</sup>

- Administrative building
- Canteen for 172 seats
- 2-storey dormitory building 3 units (135/117/78 beds)
- Welding workshop
- Reinforcing workshop
- Hangar for machinery maintenance
- Auto-wash; Fuel filling stations
- Open storage areas; Warehouses of container type
- auxiliary facilities

## HEAD OFFICE PRODUCTION BASE - 21 621m<sup>2</sup>

- Office facilities
- Production premises
- Warehouse premises

# PRESENCE IN ATYRAU REGION

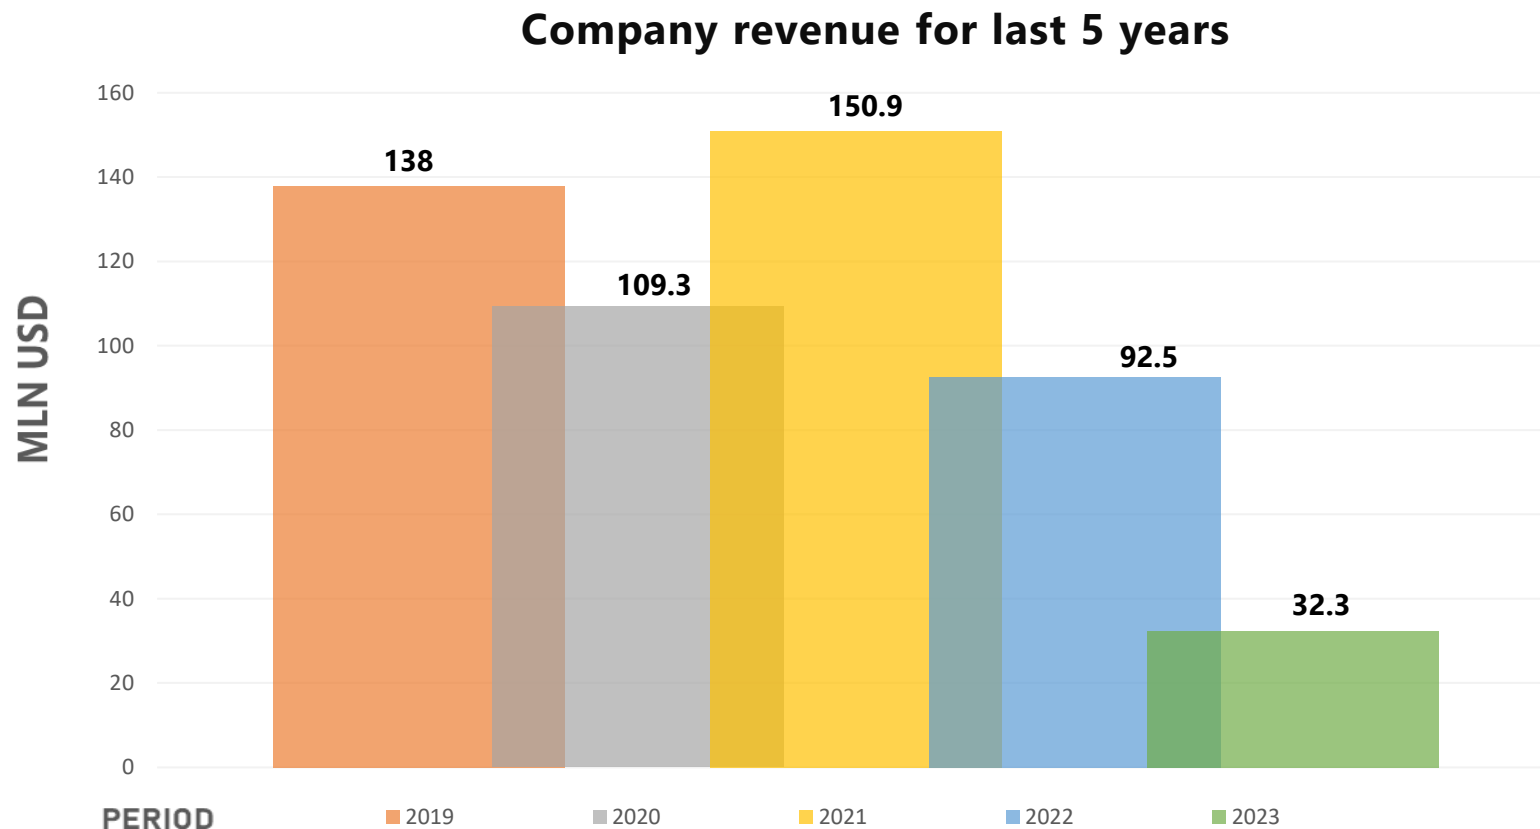

MSS Karabatan Base is undergoing through investment and refurbishment plan (2024 – 2025) to establish following additional facilities, incl. but not limited to:

*Additional Office Space  
Canteen and Food Storage  
Expansion of Fabrication Facilities  
Painting Workshop*

Facility / Description	Capacity / Area
Total Land Plot	6.2 ha
Offices	425 m2
Accomodation	220 beds
Fabrication	820 m2
Concrete Plant	50 m3/hr
Concrete Lab	135 m2
Warehouse	1030 m2

# REVENUE IN LAST 5 YEARS

**\*Average annual turnover for the last 5 years = over 104 mln USD**

Contractor	Project	Duration
Consortium MSS - KCOI	EP. Cluster 4 Topside Module Fabrication Works (~1500 tons)	2017 - 2019
Consortium MSS - KCOI	EPFI. Well Conversion Module Fabrication Works (~600 tons)	2017 - 2019
Consortium ENKA-MSS	Early Works, Site Preparation, Load-In, Installation, Hook-Up, Mechanical Completion, Pre-Commissioning of Topside EPC-3 Offshore	2016 - 2017

- ✓ Hook-up, commissioning, testing
- ✓ E&I, communication and fire alarm

# 50/50 JOINT VENTURE WITH DIETSMANN

HQ, Monaco based Dietsmann with Dutch origins and 100% local EPC contractor MSS established a 50/50 incorporated Joint Venture under name “Dietsmann Qazaqstan” LLP

## OPERATING & MAINTENANCE

O&M Engineering, Planning & Management  
Maintenance Execution

## SYSTEMS & SERVICES

OEM Interface Management, Data & Software  
Support, Technological Solutions etc

## LOCAL INVESTMENT

Dietsmann College for Various Disciplines (E&I, HVAC,  
Mechanical Engineers)  
Maintenance Workshops and Assets

## EPCM (Management/Maintenance)

Full Turnkey Solutions including O&M, also BOO(T)

## LOCAL PRESENCE

Industrial Facilities in Almaty, Atyrau, Tengiz and  
Aksay.

## DIVERSIFICATION OF BUSINESS

Due to absence of continuity in CAPEX related EPC  
projects, diversifying business and retaining personnel  
deploying them for OPEX related O&M projects
