Gratitude letter

«Montazhspestroy» JSC

On the occasion of the 10th anniversary of the Health, Safety and Environment Card Programme, we express our sincere gratitude for the active participation in implementation of the HSE Card programme.

Thanks for your daily efforts, together we create safe working environment and reduce injuries among our employees.

We value and appreciate all you have done over the past years. The work you have done is extremely important and essential!

Of course, we shall maintain this good performance further and I have no doubt we can achieve it with your involvement and support.

Благодарственное письмо

Коллективу АО «Монтажспецстрой»

В честь 10-летия программы карточки ОТ, ТБ и ООС искренне выражаем вам благодарность за активное участие в реализации программы карточек.

Благодаря вашему содействию, мы ежедневно, общими усилиями создаем необходимые условия для снижения травматизма среди наших сотрудников.

Мы ценим все, что вы сделали за эти годы. Проведенная вами работа чрезвычайно важна и значима!

Разумеется, мы должны сохранять эти высокие результаты и в будущем. Благодаря Вашему участию и помощи, я уверен - это возможно!

EXPERIENCE DURING THE PERIOD OF PLANNED SHUTDOWN AT WORKING PLANTS

MCC

Project	Client	Period	Number of worked man/hours	Brief description of SOW
Consolidated scope of work performed during production shutdown at “Dunga” oil field. Contract No.SO 3500151169.	Maersk Oil Kazakhstan GmbH (“Dunga” oil field)	25.08.2016 23.09.2016	16 000	Tie-in to 8-inched pipe line for gas blow-down line from scrubber V-502 at points TP-4A &TP-4A of Central Gathering Station (CGS) (Preliminaries, Installation) Modification of drainage line on vessel E-203 (Preliminaries, Installation). Installation of dosing control valve for chemicals on process trains (Preliminaries, Installation). Modification of off-site line 4”-GF-016-0011- BD-H on Gas Preparation Unit (Preliminaries, Installation). Installation of four double-block ball valves in gas line 4”-GF-057-0001-AD-H on gas filter platforms of the Gas Turbine Power Plant Project (Preliminaries, Installation).
Services Works	“Zhaikmunai” LLP	13.08.2012 20.10.2012	18 980	Fabrication of pipe spools and maintenance of 26 off work packs, including: welding, thermal treatment, non-destructive examination of joint welds, installation of supports, seals replacement, painting, vessel cleaning and replacement of process unit plates but not limited by.
Gas separator and compressor mounting	“Zhaikmunai” LLP	16.08.2013 31.12.2013	137 508	Installation of equipment and structures; piping and mechanical part; installation of electrical equipment, instrumentation, fire and gas

STEEL STRUCTURES WORKSHOP

MCC

On the territory of MSS production base in Almaty there is a workshop for the manufacture of steel structures, with a total area of 2,736 m², equipped with modern equipment, allowing to produce up to 75 tons of steel structures of any complexity per month.

STRUCTURAL SHOP / PRODUCTS

MCC

- industrial and domestic quick-erect containers;
- prefabricated demountable quickly erectable buildings;
- fences, racks, service platforms;
- domestic cases and electrical cabinets;
- big diameter welding pipes and bends
- tanks and vessels (vertical and horizontal);
- steel structures of overpasses and sheds;

IMPLEMENTATION OF NEW ACTIVITY AREAS

MCC

In 2019 JS Company Montazhspeystroy jointly with “Dietsmann” LLP established joint venture
